

My name is Gina Ferris, and I am currently a junior. I am running for Vice President of the senior class for a few important reasons. I would really like to become more involved in the school, to help others, and also to have fun! I am a responsible, mature person and I believe I am capable of doing well in this position. I would attend all meetings, and if the Class President were not able to attend, I would be sure to fulfill his or her position accordingly. Also, as Class Vice President, I know that I would need to work with other members of the Student Council at all times. This would be very easy for me in that I have an outgoing personality, and I can easily work well with others. I can enjoy myself and have fun with others while still staying on task and getting the job done. Along with this, I believe I can bring some good ideas to the student council. I feel that school spirit of Mentor High needs a little boost. In order to accomplish this, I think it would be beneficial to have more after school activities, such as casual dances. These wouldn't need to be anything too fancy, like the formal homecoming and prom, but I think music, dancing, and snacks are a great way to bring people together. In the junior highs, there were occasional school dances every few months and every time they turned out well and were a blast. It would be nice to continue that tradition at the high school. Another way to increase moral is to have more school pep assemblies. My goal is three a year, for summer, winter, and spring sports and activities. All athletes and club members work extremely hard during their season to make sure that they come out on top, and it would be nice to recognize their immense effort. The student body needs to know the great amount of energy that their fellow students give in order to represent the school in a positive way.

I would like to continue to represent Mentor High in a positive way, and if I am elected, I am sure I will fulfill that aspect of the job. So please be sure to elect me, Gina Ferris, as your Senior Class President. Vote for GEE! It's the way to be!
